Re-requesting for bursary scholarship.

Dear sir,

I am M.A.V.L. Muthukudaarachchi (Index no: EU/IS/2019/BST/82, Registration no: BST 408) .I'm very sorry to tell you that my bursary application has been rejected. I am very disappointed about it. Although my parents do government jobs their salaries are hardly enough for our day-to-day family expenses.

I have two brothers and they are studying yet. One younger brother is studying in grade 13 and other younger brother is studying in grade 5. So, My parents have to spend lot of money for their education. In other hand my parents have taken loans from the government and private banks to build the house and it is also not completed yet. So, they're faced many financial problems.

As well as both of my grand mothers are staying with us and my parents have to take care of their health. Both are suffering from diabetics and the prices of medicine have gone up rapidly.

Please pay your kind attention on these difficulties. I think you can understand the pathetic side of our home economy and please consider to allow me to get bursary. Along with these economical problems I feel it's a relax for my parents if I get the bursary. Then I will be able to bear up my expenses and I can do my studies freely. I am looking forward a very favorable reply from you.

Thank you.

Your sincerely,
M.A.V.L. Muthukudaarachchi.
